DID YOU KNOW????

- Frogs don't drink water .
They absorb it through their skin.
- Frog's tongues are attached to
the front of their mouths
rather than at the back like humans.

MAKE A FROG PLATE PUPPET

Paint the bottom side of a paper plate green and the top side red.

When it is dry- make a mouth; fold it in half so that the red is inside.

Glue eyes on top and have children put two small dots on it for a nose.

On the inside tape or glue a long red tongue made of construction paper.

Curl the tongue around a pencil to make it curly
